Message From The Principal

In every child, there is a world waiting to be explored. We are committed in our mission to inculcate a state of happiness in every child to ensure a peace loving and harmonious world.

Keeping in mind that to teach is to touch a life forever. We believe in holistic education that encompasses academics, co-curricular activities, sports, education, character building towards integrating technology with teaching learning processes and life skill learning.

The school is taking new initiatives. We have recently set up VR lab, the purpose of which is to make our students well aware about the modern technology. Multimedia lab has also been set up. Smart boards have been successfully installed from class 8th onwards in the school. Education is a shared commitment between dedicated teachers, motivated students and enthusiastic parents with high expectations". We wish to thank all the parents for their faith in BPS. Let us partner together, so that we see our children successful in whatever path they choose to tread.

Principal.
